

*Open Position Available*

## **CIVIL DESIGN ENGINEER**

### **WINTER PARK, CO**

JVA has an opening for a Civil Design Engineer to join our Civil Engineering team in our Winter Park office. We are seeking a highly motivated person with a passion for engineering excellence and a desire to be part of the small resort community that is Winter Park and Grand County.

As part of JVA's thriving Civil Engineering team you will work with mindful, experienced engineers who are devoted to sensible and conscientious problem solving for a wide range of projects across Colorado from rural towns and mountain projects to city infill development. We provide the necessary tools, support, and training to assist our employees in providing technically competent, high quality service to clients. Our professional culture values sound judgment, creative thinking, and design sensitivity.

JVA is active with the U.S. Green Building Council, and many JVA engineers are LEED Accredited Professionals.

#### **Responsibilities**

- Civil Site Design
- Water, wastewater and infrastructure design
- Report and specification preparation
- Involvement with permitting
- May attend design review meetings with clients
- Assist with other duties assigned by Project Engineers and Project Managers
- Flexibility and desire to work on a variety of multiple projects is essential
- Construction Administration

#### **Minimum Qualifications**

- 1-3 years civil engineering site design experience
- P.E. License or ability to obtain licensure in future
- Experience in Colorado preferred, including site design, grading and drainage, utility design, cost estimate, report, construction document, and specification preparation
- Civil 3D experience preferred

**STRUCTURAL**

**CIVIL**

**ENVIRONMENTAL**

*Founded in 1956, JVA, Inc. is a 100+ person engineering consulting firm with offices in Boulder, Fort Collins, Winter Park, Glenwood Springs, and Denver, Colorado. We specialize in structural, civil, environmental (water/wastewater), historic preservation, and infrastructure engineering for public and private entities across Colorado. We are employee-owned, offer a competitive benefits package, advocate professional growth, and have long-standing relationships with contractors, architects, developers, professional organizations, and community outreach programs.*
