Open Position Available

SENIOR CIVIL PROJECT ENGINEER BOULDER OR DENVER, COLORADO

JVA has an opening for an outgoing, passionate and highly motivated Senior Civil Project Engineer to join our Civil Engineering team in our downtown Boulder or Denver office.

Responsibilities:

- Promote the delivery of highest quality civil engineering products and services that focus on client satisfaction and new business opportunities.
- Work in a vibrant team environment.
- Assist in developing company business goals and strategies.
- Build strong client relationships.

Qualifications:

- BS in Civil Engineering
- 8 plus years' experience in civil engineering and land development design for a wide variety of projects.
- Strong leadership skills required.
- Experience with private, municipal, recreational and educational projects.
- Experience in Colorado with site grading, drainage calculations, utility design, cost estimating, permitting support, and specification preparation.
- Strong written and verbal communication skills with client contact experience.
- Passion for engineering and service for our clients.
- Understanding for Civil 3D and water/flood modeling preferred.

We have assembled a team of exceptional civil engineers and designers who believe in providing quality services consistent with JVA's corporate philosophy. Our staff provides a wide range of services on a variety of site work and water/wastewater projects with a large, experienced staff. JVA provides its clients with creative thinking, design sensitivity, cost-effective engineering, and high-quality products and service.

In addition to our dedication to ongoing staff training, JVA has become an industry leader by investing in and becoming proficient with the latest design technology applications, including AutoCAD Civil 3D.

Salary Range

- \$96,000 - \$100,000 Annually DOQ
